A Very Special Thank You

*We are so grateful for the generous donation by Luis Morocho and his business **Landwide Residential Painters** to assist us in the production of this wonderful Cabaret. Luis came to this country from Ecuador in 1995. He had many different jobs on his journey here in America but in 2006 was able to start his own painting business growing it slowly and building a wonderful reputation for fine work and professionalism in all that he does.*

Luis is all about giving back and as he learned more about our project and what we were doing to create opportunities for young people he offered to help. He is so grateful for his hard earned success and has deep admiration for all we are doing to help the young people in Nicaragua. Luis has been a donor for a number of years and this year made a big commitment to our cause in helping to make this Cabaret Night a success.

On behalf of the Board of Directors of our project and the Community in Nagarote, we say thank you to you Luis for your generosity and kindness. He truly exemplifies the spirit of our project
